AGUINALDO CAPTURED BY A "LITTLE MAN" FROM KANSAS.

Manila, March 28.—Gen. Frederick Funston's daring project for the capture of Aguinaldo in his hiding place in the province of Isabella, island of Luzon, has proved completely successful. Aguinaldo was captured there on March 23.

FUNSTON'S SCHEME.

Gen. Funston's plans, as outlined in a dispatch from Manila to the Associated Press a few days ago, were to make the trip over the Isabella mountains to Aguinaldo's hiding place, accompanied by Surgeon Maj. Harris, Capt. Newton of the thirty-fourth infantry; Lieut. Admire of the twenty-second infantry, Lieut. Mitchell of the fourth infantry six veteran scouts and a company of native soldiers, all picked men. They were to be landed by the gun boat Vicksburg on a remote beach north of Baler, and were to proceed overland, guided by a former officer of Aguinaldo, who had betrayed to Funston the Filipino leader's abode.

To deceive the enemy it was arranged that Aguinaldo's representative, who had given the information to the Americans,

REPLY.

Some time ago in the columns of this sheet appeared a letter descriptive of Apache county. We hardly think the writer did justice to us on some points, therefore we desire to make the following explanation:

In regards to the climate she did very well we have a most excellent climate.

The school she alluded to was undoubtedly confined to the District where she is teaching; it being in the little place of El Tule about fifteen miles from St. Johns, where lives about a dozen Mexican families. In St. Johns which is the County seat and contains 1,200 inhabitants there is an Academy building and furniture that cost \$20,000. There were four excellent teachers employed there this winter.

"A newspaper is regarded as a curio-only one being published in the entire county and that contains only the brands of the various ranch owners."

Inhabitants of Apache county and elsewhere subscribe for the "CURIO" and sign up the cattle brands it won't take you long, they will not pass the quadruple post. The writer stated that "the nearest Rail road station was 90 miles and in Navajo county." The correct measurement on Mother Earth's bosom tells us it is only 65 miles from El Tule, and in Apache county.

"Horse back riding is universal." In St. Johns alone there are \$2,000 worth of carriages and about \$1,000 worth of bicycles.

Space will not permit of any further remarks on this subject. Miss G. L. Fernandez wrote us a letter stating that she had written a letter to a friend in Maine and when printed it was greatly changed.

The wrong information and misunderstanding she has received and expounded does not go to say she is not well educated.

formation to the Americans should lead the native scouts, they to assume the character of insurgents still loyal to the rebel cause. They were to make it appear that they had captured Gen. Funston and other American officers of high rank and were taking them into the camp of the insurgent chief to be delivered as prisoners of war.

A DARING PLAN.

Then was to come the daring part of the plan. The pretended prisoners were to throw aside their assumed character and metamorphose themselves from prisoners to captors; seize Aguinaldo beat down any opposition that might show itself and hold their prisoners, no matter how great the peril or how great the forces of the enemy.

To carry out the program required a long march into the interior and never ceasing caution to guard against treachery. The troops in New Viscaya and New Ecija and the gunboats Vicksburg and Albany were ordered to cooperate with the capturing party.

The news of Aguinaldo's capture indicates clearly that the plains of Gen. Funston were carried out successfully.—Deseret Evening News.

PRINTING AND ADVERTISING.

The following law was enacted by the twenty-first legislature on printing which some of the printers think is a reasonably good law for newspapers. The bill is as follows:
